28, RUE DU Dr ROUX - PARIS XVe

TÉL. : SÉGUR 01-10

Dr. E. Lederberg
University of Wisconsin
Madison Wis.

Dear Dr. Lederberg

I plan to study some enzymatic changes brought about as a result of genetic recombination. I would greatly appreciate it if you would send me a strain of K12 which is F^- and is lac^- absolute (no basal level of enzyme and non-inducible)

Sincerely

Julius Marmur
