Dr. S. E. Luria
Bacteriology Department
University of Illinois
Urbana, Illinois

Dear Lu:

This is a cordial invitation for you and your gang to come pay us a visit sometime during the next few weeks, before the snow flies.

If you come during a weekend, you will have to avoid the football games. We have home-games scheduled for October 25, November 8 and November 22. Except that we almost always have a premature blizzard, Thanksgiving weekend would also be all right.

Let us know when you can come, how many you will be, and what kinds of accommodations are needed:

hotel (ordinary); hotel (Edgewater); tourist room; motel.
We will try to handle whatever we can personally, but don't have much room. I am sure we will have a lot to talk about.

Sincerely,

for
The Lederbergs
