Joshua Lederberg  
Department of Genetics  
College of Agriculture  
The University of Wisconsin  
Madison 6, Wisconsin

Dear Dr. Lederberg:

Your letter of March 13, has finally reached me here. I am no longer associated with the State University of Iowa and my supplies of the sugars which you desire are not sufficient for your purpose. The status of the sugars at the University is some what uncertain. The total stock of some of these sugars was never very large at any time. I suggest you contact Dr. Shriner who is now in charge of the organic division there and he may be able to locate some of them for you.

I hope this information will be of some assistance to you.

Yours very truly,

  
Chester M McCloskey
