112 SECOND AVENUE
PELHAM 65, N. Y.

January 19, 1953

Dear Josh + Esther,

It was very thoughtful of you to send me your reprints. I thought I would read them through before writing, but I find them a little too heavy for that — I am pretty rusty now on the subject. But I did see a number of very interesting things in them, such as the 4-arm linkage diagrams, and I shall be pleased to have them for reference.

I hope you are both in good health. It's time you started a family, I think, if you haven't already. Hope we'll meet at the next Genetics meeting.

Sincerely yours,

Gordon Allen
