Thanks: I have some Thiagole - Pyrimid.

March 12

Dear Jack:

This is copy is on the way. Don't forget to collect $1.50 from Bob H. when you're here. April 23?, right?

Did I answer your question re cultures that Snell wanted to work on - by all means, go ahead, we won't get at it in any predictable period.

There is some money left to credit of Childs Fund, so some reprints can be paid for from this. I'd say 100 which will be all necessary for me - Fund copies. OK.?

Still: Any transformable R yet, or word from Bowie? We can't get significant recurrence tests between C_1 - C_2! A? Ed
