Dear Josh,

I'm very sorry not to have been able to visit you again but I got involved in work in Berkeley. As you can see, I'm on the point of departing for Europe and I will go and see Bruce Stocker in London and give him your regards.

I was wondering whether you could put me on your reprint mailing list (if you have such a thing) as one is so isolated in S. Africa. Incidentally I would very much like a reprint of your PNAS paper this year.

My address is: Department of Physiology,
Medical School,
University of the Witwatersrand
Johannesburg
South Africa.

I hope that you won't mind if I write to you at odd times seeking advice.

Regards to Esther,

Sincerely,
Sydney Brenner.
