Mr + Mrs Arnold Clark

For news of Paul F Clark

Thank you very much!

I don't believe I'd seen him since 1958 when I left Wisconsin but I recall him with fondness and respect. I often refer to his "pioneer ... history". And thank you for reminding me of his connection with the Institute.

Certainly I will write him!

But having started with such an anecdote can you leave it unfinished? Who was Paul's wife?

Yours

John Rowley
