~~CENTRAL PUBLIC HEALTH LABORATORY~~, Bureau,
COLINDALE AVENUE,
LONDON, N.W.9.

22nd January, 1952.

Dear Dr. Lederberg,

You may remember that we corresponded a few months ago on the subject of the exchange of reprints.

I have followed your work during the past few years with the greatest of interest, and I am anxious to gain first hand experience of it. There is a possibility that I may be granted a World Health Organization Travelling Fellowship to the United States during the next few months, and I wondered if you would be kind enough to permit me to spend about five weeks in your laboratory, studying your methods. The time which will probably be allotted to me, if I am awarded a W.H.O. Fellowship, will be from about the middle of May until the last week in June.

I should be grateful if you could let me know whether it is possible for me to visit you at the time mentioned.

Yours sincerely,

E. S. Anderson

Dr. J. Lederberg,
Department of Genetics,
University of Wisconsin,
Madison, Wisconsin.
