Dear Mr. Lederberg:

This is to say that I read your article, in the S.F. Examiner Nov. 9th, with great interest on the Big Fuss Over MSG.

Sam 177 — glutamate

Will you please tell me if MSG (Monosodium Glutamate) is the same as the Glutamic Acid tablets you get at the Health Stores.

I will be eagerly looking forward to your answer and thanking you in advance I am,

Most sincerely
