Dear Josh,

Thanks for your note and the preprint of your letter to Nature (with which I agree only in part, possibly because I have not read Wyatt's letter).

Answers to your questions:

- I have found, among Harriett's papers, no draft of the history of Transformation:
- A necrological article on Harriett has been published by Ravin – I believe in Genetics.
- I expect to be in Paris (Gif) end of June; and I would greatly enjoy seeing you again – we have not met for too long!
- I do not expect to be in Calif in the near future – have spent 3 days near LA last June; unfortunately had to rush back – otherwise would have taken a side-trip to Stanford to see you.

Affectionately,

Boris
