Bonner family archives.

I was so pleased to see this note in the AIP/CHP newsletter.

It was very distressing to hear from UC/SD Biology a few years ago that they had "lost" David M.'s papers after a desultory effort to preserve them. If you have any better word, I would be delighted to hear it.

1. I thought you might wish to have copies of my own correspondence with David — enclosed.

2. Does your collection include any material from David that
