Dear Josh,

I shall visit your distinguished medical school on Thursday, March 4 and I am of course eager to see you. A Mr. Cooke (I believe that is his name) is fixing up my schedule and please give him a call about a convenient time.

You are to be congratulated on your new dean - I have known Bob Glaser for many years and hold him in the highest regard. He is intelligent, creative and effective - and he appreciates excellence.

Hoping to see you and regards to Esther.

As ever,

John Bowers.
