Dear Joshua,

thank you very much for the picture and the biography.

Here is included the interview to Prize-winner J.L for Tempo Medico. I hope to have interpreted faithfully what you have said and also what you haven't said. Maybe I should have translated it into English, but I am under the impression that you can read Italian. Luca has approved the text.

However please do make any change or deletion that you think convenient. Only tell me at once because the Journal shall be printed at the end of the month.

Thank you very much for your generous collaboration.

It was a great pleasure to talk with you and Esther

Sincerely yours

Ruggero
