Dear Josh,

The official opening of the "New" Wistar Institute will take place April 16-18, 1959.

The First day morning will consist of "official" speakers: Senator Hill, Burney, Lawrence, Brook etc.

The First day afternoon session will be entitled "Road to Knowledge" and will be devoted to the problem of Integration of Sciences.

The second day morning

session will be the Interpretation of Biological Sciences and there I would like to ask you to participate. Besides yourself, Medawar, Khorana, Dulbecco, Murray and Lwoff are scheduled to talk. I know that you are going to Italy. Could you postpone your departure for few days and come to Philadelphia? I would like very much that you consider this an urgent plea on my part.

With best regards and wishes

Thilan
