Dear Josh:

This is just a note giving schedules, addresses and phone numbers in the event you should lack any of them for this weekend's meetings.

We plan on holding the meeting at the laboratory which is at 6200 Drexel Avenue, phone BUTterfield 8-4800 during the day and BUTterfield 8-4809 at night.

No doubt you and Esther will have dinner on the train so that you can come directly to the laboratory. We will probably talk about phage Friday evening and I think we would like to hear your story Saturday A.M.

We have secured hotel rooms at the Riviera Hotel, 4900 Blackstone Avenue, in the name of Szilard.

Looking forward to seeing you and Esther and showing you both Jane's water colors and my snapshots of Pacific Grove.

Sincerely yours,

AN:jrm

Aaron Novick

*P.S. Come right to the lab when you arrive.
Your hotel room is secure.*
