Dear Dr. Lederberg,

I am writing to you to ask if you would be willing to serve on our panel of judges for the Margaret Oakley Dayhoff memorial award. I am enclosing the descriptive announcement in case you have missed the details. There are about 8 nominees in the first group. The nominators have done a great job - all of the nominees are outstanding people. The job of selecting a winner will not be easy and we are especially eager to have a person of your scientific stature on the judging panel.

With highest regards
Edward S. Dayhoff
