Dr. Eiof Carlson  
Department of Zoology  
University of California  
Los Angeles 24, California

Dear Doctor Carlson:

My wife and I would be delighted to have a chance to pay due tribute to Dr. Muller. I am especially pleased to hear of the publication of his papers and particularly that he was editing them himself. This kind of publication is something I have been pressing to have done more popularly and I am sure that it will be a very valuable contribution.

I'm not at all sure that we will be in New York in December. We had not planned to attend the meetings; however, please do keep me in touch with your plans.

Yours sincerely,

Joshua Lederberg  
Professor of Genetics
