Dear Perry -

Thank you for the detail in your letter of Oct. 18. No, I had not heard of your stroke, but I am pleased to hear how well you have come out of it — and I hope you will continue to enjoy life with the zest your letter so vividly reminded me of.

If you can clear up the roots of the Cole-Wright collaboration I would indeed be most interested; but please don't put yourself to very great trouble about it.

Yours affectionately

Joshua
