(California)

My dear Joshua,

Thank you for your letter and for dealing with my car and my finances. All arrangements you made are O.K. Meanwhile you will have heard from Giovanni about everything.

One line to ask you a copy of your biography you prepared at the time of the Nobel prize. You sent me one but I cannot find it, and I have to prepare a summary of it for the "Enciclopedia Italiana."

Yours,

L.L. Cavalli-Sforza
