Williams

August 16, 1968

Dear Josh –

Off to Tokyo tomorrow. Enclosed is a recent reprint & a copy of the talk I will give at the Congress.

My has been in touch with the group at atascadero, & has arranged to get together with them. Over the phone, they said that XYY's are idiosyncratically tall compared to their siblings, & that they have a number of other criteria that should be useful in preselection. So far, it looks encouraging.

Hope you are feeling better.
We enjoyed the picnic last week, and our talk afterwards. Our best regards to Marguerite and David.

See you soon —

Evelyn
