Personal memo from

Sen Proxmire's papers.

For ODSG (see enclosed) I thought it would be informative to quote literally from some of Bill's "Golden Fleece Awards". I believe he issued a monthly bulletin of that title ca. 1976 ff.

If these are readily accessible in the papers, I would appreciate a selection (bearing on natural, not social sciences) for the ODSG.

Sincerely,
Joshua Lederberg

P.S. - Re my own archives, I have so far written little about my years at U.W. But see enclosed. R. A. Brink's papers were most helpful.
