Vince de Vita

NCI PCP

JAN 14 1981

Dear Vince –

a PCP meeting in NYC. I would like to call at least one if possible here at R.U. I realize attendance by NCI staff will be sharply reduced but there is nothing in the statute to mandate so many man-hours expenditure. Issue: how the IRG → NCAB mechanism is working (esp. with dilution of expert members); and are there constructive alternatives to present arrangements?

We can discuss by phone before I submit formal request.

If I stay on panel* I would like to suggest two of our meetings (or 3) away from Washington: N.Y., SFO-Bay; Madison are credible and attractive sites.

* What is legal situation if, as I expect, nothing is done by White House by Feb 20?

Jim.
