Stan's papers

Dear Mrs. Rogers—

I am sorry that my (prompt!) acknowledgment to you seems to have gone astray. I did write you that the correspondence you sent was right on the mark! Most helpful!

I also wrote that I had deposited the originals in the archives of the American Philosophical Society.

I hope you would be receptive to depositing all of his papers (or whatever may be of special personal interest to you) with the APS — and let the professional archivists decide what is important. Most people err by discarding too much.

Many thanks for your help.

Sincerely,

Joshua Lederberg
