Dr. Joshua Lederberg
Department of Genetics
University of Wisconsin
Madison 6, Wisconsin

Dear Josh:

The AEC has awarded me a postdoctoral fellowship. However, the award was made in accordance with my original NRC application. It appears that the AEC award was based upon the recommendation of the NRC, for it was made before the AEC received my letter of April 10th informing them of my intention to work with you. The AEC Fellowship Board will decide shortly if I am to be permitted to use the award for an investigation in bacterial genetics. If they do not approve my ammended research plan I shall have to refuse the fellowship and wait until I hear from the PHS, the last fellowship opportunity. As soon as I hear from Oak Ridge I shall inform you post haste.

Sincerely yours,

R.P. Levine
