

13 March 1959

Dr J. Lederberg,  
Stanford University,  
Stanford, Calif.

Dear Josh,

Thanks for your letter of March 10. In the circumstances, I shall allow myself to be convinced by your better judgement, and will take no further action. I hope that you will be able to obtain cooperation from colleagues throughout the world in maintaining lunar axenia.

With best wishes;

Yours sincerely,

*Lederberg*
