Personal memo from
JOSHUA LEDERBERG

Wayne Bardin

1

JAN 12 1988

Dear Wayne -

re cultured gonia.

To what extent are they

1) "differentiated" [constant in culture]

2) totipotent - e.g. nuclei are competent in fertilization? or continue to produce sperm.

cf attached.

Jos

("The epigenetic dilemma. p. 5)

p 271
