P+S Class of '88 ?

Dear Bob

I've heard from you and others of a couple of occasions on which Mike ... had forgotten that I'd already received, long since, the Columbia honorary Sc. D., Hamilton award...

If that feeling persists, there is one gesture that would be of some personal meaning to me: 1948 would have been my Columbia M.D. had I returned to N.Y. in September 1946. *

I understand the possibilities that
1) the sentiment may not be reciprocated
b) there may be legal obstacles in N.Y. to an honorary M.D.

Of course I leave to you whether + then how to communicate the inclination. There is no one other than yourself with whom I would share it.

Yours,
Jim.
