June 20, 1949

Dear Josh,

I would very much appreciate a copy of your paper "Problems in microbial genetics" Heredity 2: 145. 1948.

Ryan thought he had given me a copy — but he didn't — and I would like very much to have a reprint.

Thank you so much for that |Lac|-| mutant. You certainly gave it your prompt attention

Sincerely,

Lillian Schneider
