"Genetic Revolution and the Public"

Dear Bernie –

I think this is a great idea. But I don't think I can take part (unless you want to reprint some things I wrote 12-25 years ago.) myself.

Funding?

The 20th Century Fund in N.Y.C. might want to co-fund (co-sponsor?) the enterprise. And try Sloan.

I'm really rushed this and next month.

Jos.
