Dear Jack,

Was invited to submit the enclosed - hope you like it.

Tho I'm limited in mobility (crutches), I'm pleased to be able to put in a good day's work at the word processor.

Am enjoying the recent book on Szilard. He was even queerer than I realized - almost a different species, psychologically. The cute story about his solution to my search for a wife is more or less true but could have been presented in a more interesting & accurate way.

Regards,

Jenni
