THE ROCKEFELLER INSTITUTE HOSPITAL
66TH STREET AND YORK AVENUE
NEW YORK 21, N. Y.

November 16, 1946

Dear Joshua.

You might look at Dubos and Davis' article in the J. E. M. last spring on growing tubercle bacilli in diffuse form. They use non-toxic detergents very successfully. There are a dozen or so non-toxic detergents which are not toxic —

Sincerely,

Barnett.
