Dear Joshua –

A note of thanks for putting me on the mailing list for "Research Profiles". Certainly nothing could be more exciting or more pregnant (in this case a degree of pregnancy is possible) for the future than these studies illuminating the very nature of life.

I haven't forgotten your kind offer of a visit to the Rockefeller University – unfortunately I had to cancel my last planned visit to New York because my wife had a bad fall in the house, but she's okay now, and I'm sure I'll be back East some time soon.

Again with warmest thanks

All the best

Noel Gayler
