Dr. Harold C. Urey
Department of Chemistry
University of California
P. O. Box 109
La Jolla, California 92038

Dear Harold:

I have made some inquiries about local interest in Timofeyev with the positive result indicated in the enclosure.

There is much more concentrated interest in meteoritics at Ames than here. We will see that notice of his seminar is spread on campus, too.

Sincerely yours,

Joshua Lederberg
Professor of Genetics

Enclosure:
Memo from E. C. Levinthal
