"FIBER" fundraising

Dear Alan

I do not ordinarily lend my "name" to other enterprises. In this case I am banking entirely on your own commitment to this enterprise, and I will be happy to make an exception for that purpose.

I am writing just to be sure that you know I am following your initiative and to avoid the danger that a 3d party may be using each of us to envine the other -- an experience of a kind we have both surely had.

If I do not hear more from you, I will be comfortable that all is OK.

Best wishes,

John
