Memo from  
JOSHUA LEDERBERG

To: Dr. Osiris Stetman  
S.K.I.  
1275 York Ave.

Carcinogenesis in immunosup-  
pressed animals.

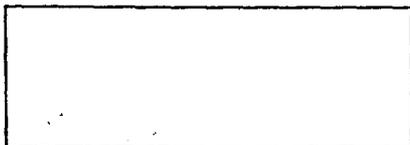

I would be grateful for any references to  
works - your own or others' - on  
radiation - and chemically -  
induced carcinogenesis in nude  
mice or other immunodeficient  
animals.

(In re models of environmental  
carcinogenesis for regulatory  
policy.)

(\*and reports thereof if convenient)

Thank you

Joshua Lederberg
