Dear Josh,

Thanks for your comments about Miss Fried. I would like to have her work with us but must wait & see how things break.

And thanks for your invitation to visit with you. This side of affairs is also a bit complex since Hania R is has asked us to stay with them if we come to Madison. We have now decided to pass thru there & would like to see you all. So a compromise is in order.

We propose, & will write Hania, the following:

we will arrive in Madison on
Tue afternoon, June 24.
we will have dinner with the
Ris' who will invite you &
Esther over for the evening.
we will go home with you for
the night.
we can stop over at your labs
in the morning & will leave
for Ames before lunch.

D'accord?

I won't be able to answer
your question about my fellow-
speaker but you might ask
what the hell can I contribute
to such a program.

Until then, regards,

Sincerely
Francis
