New York, New York

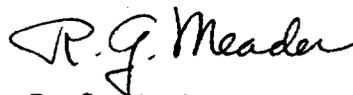

Dear Mr. Lederberg:

I wish to thank you for the privilege of talking with you at Bard Hall on December 29th and for permission to bring with me your note: A Model for Neoplastic Growth on the basis of somatic mutation. I am returning the manuscript herewith.

We have received no inquiry from the Dean's Office regarding the proposed fellowship. I trust this means your request for elective credit for the period spent with Doctor Tatum has been granted.

You will be informed of the final action of our Board of Managers concerning the fellowship as soon as the meeting in the latter part of February has taken place.

Sincerely yours,

  
R. G. Meader
