Bring some Hmong to U.S.?

Beisler endorsed the merit of bringing some Hmong yellow fever victims for treatment + observation here.

I've also talked about that to Amy Hoeber + hope she will follow up with you on V.U.

Any progress in funding for Hassuff? Could you copy the dossier I sent you to Thos. Hoeber?

Yours.

Dr. Wm. Augerson

Yellow fever in SEA

I guess it is still not clear why yellow fever has not established itself in South Asia. The mosquitoes ... are there!

Is it found in Angola? Hom?

Can you see Cubans, RDF ... bringing it to the Persian Gulf, or to Bangladesh. It wouldn't be the first time that .... (You're the last one I'd furnish that outcome for.)

I had a good talk with Beisler.

Thanks yes,

Jim.
