Personal Memo from
JOSHUA LEDERBERG

Dr. C. Bartholomew

JUL 23 1985

AIDS / HLA / Asoma vs Placebo -

Dear Courtenay -

Good to hear from you!

I will pursue your question here and at Memorial Sloan Kettering - which is quite active in AIDS research.

Your remark reminds me that India has been remarkably free of yellow fever. Is that true of Indians overseas?

Our best regards to Marina and yourself.

Yours,

Joshua
