Aspirin - Encopin

You know very well our
share interest.

Here is a formulation that may
help its utility at sufficient,
study + sustained dose levels.

Make any use you wish.

Encopin will soon be marketed
nationally; I can get you as
much as you wish mean-
while.

John.

(P.S. - I've just joined the

PTG board, and was delighted
to see their progress on this
product.)
