July 20, 1958

Dear Art--

As I am sure you know, we're all straightened out with Alway and it's all settled. I am looking forward very optimistically to what promises to be an ideal arrangement. You know how much I appreciate the interest, time and effort you've put into this project, and I will do my best to see it meets your expectations.

Our probable working plan is to stay at Madison until March 31; spend 3 months in Italy with Cavalli and move out to Stanford c. July 1, same time you do.

I should make a point of visiting you in St. Louis some time in the fall or spring. If you will be making any more trips to California let me know in good time.

We're leaving for Stockholm etc. the 25th; will be back at Stanford on Sept. 5 and there till about the 10th.

Yours,
