Dear Dr. Lederberg:

The last time we talked, I said I would send over some information on our corporate fund raising. Enclosed please find a list of current corporate supporters, together with a list of those from whom we are seeking support. The latter list has a few notes to indicate progress, or lack thereof, for your information. Please excuse the informality; it seemed the best way to get the information to you.

Thank you very much for your help. I would appreciate any information on leads, or contacts, that you might have. We can then follow up in any way that seems most suitable.

By the way, should we talk further on the question of your joining the Advisory Committee of the Media Resource Service? We would very much like to have you as a member; I will call in a few days to see if any further conversation is appropriate.

With all good wishes.

Best,
