

Pittsburgh Post-Gazette

PITTSBURGH, PENNSYLVANIA 15230

July 11, 1967

Dr. Henry W. Brosin, Director
School of Medicine
University of Pittsburgh
Pittsburgh, Pennsylvania

Dear Dr. Brosin:

Thank you for sending me copies of the science column written by Joshua Lederberg of Stanford University. They are quite interesting and well written. However, we are not currently in the market for a science column; but if such a need should arise, we would certainly be interested in taking another look at Professor Lederberg's work.

I appreciate your interest in the Post-Gazette.

Sincerely yours,

Frank N. Hawkins
