CORRESPONDENCE ADDRESS

Dear Joshua, we have had so far a month of journeying across Asia and Australia. We were in India (New Delhi, Agra, Benares, Calcutta) in Bangkok, Angkor Vat, in Australia (Melbourne, Sydney, Canberra, Cairns). In the last place we stopped one day at Green Island, to see the barrier reef. Too cold to swim. We have your mask and are hoping to use it in some Pacific Island. Our program at the moment is to spend one week in the Kuru area, then two or three days in each of the following: New Caledonia, Fiji and Tahiti. We are due in SFO on Sept 18, evening, and Walter whom we saw in Canberra has the exact time. He has promised to pick us up. Have seen Herman Lewis in Canberra. He has clarified the situation a bit. Hope we will get it. Looking forward to be in Stanford. Yours ever

Alba
