Albright Fellowships

To yours of Apr. 20.

I am a long time fan of R/F; and I am delighted to hear of Laurance Rockefeller's challenge grant. Unfortunately for this purpose, I have to put myself as a personal and institutional consumer, not producer, of philanthropy and I am not able to add very much to my good will.

May I suggest that you address Bill Hewlett either personally or via his foundation. In view of what I believe to be his interests in this field.

Sincerely
