Dear W. Sederberg:

The letters you sent me to the Lilly Library as donations to my husband's collection have been forwarded to my vacation address here. It is very kind of you to add to the collection, I hope that when you visit Bloomington you will see the collection. Thank you so much for the donation.

I am interested in having some of my husband's articles published & thought a volume of his papers on Evolution would be useful to bring out. If you have any suggestions please write me. I do not have a publisher so far.

I shall be back in Bloomington (address Lilly Lib. Indiana Univ.) about the end of March.

Yours very sincerely
Thea Muller
(Mrs. Hermann J. Muller.)
