Dear Josh and Esther,

Lu assures me that it is OK for me to join him and the others in visiting you on December 2 and 3. I plan to reach Madison at 9 38 pm on the C&NW ~~[illegible]~~ on Monday evening and would like to stay until Thursday morning — hope you can arrange shelter for me without too much inconvenience to yourselves. Thank you. Esther — I will bring my (alto) recorder, if you are interested.

Sincerely
Seymour Benzer
