Dear Dr. Lederberg:

Thanks for your advice & suggestions. I wish I could use all the organisms you recommend but unfortunately I am limited both to having only 2 hands & one little brain.

Could I bother you for your strain of K12? I know you suggest I get it from Bernie Davis. Although he & I are the best of friends I should like to have it remain so. And so I would greatly prefer to obtain the strain from you if you have no objections.

Cordially
J. Francis
