UNIVERSITY OF MINNESOTA
THE MEDICAL SCHOOL
MINNEAPOLIS 14

DEPARTMENT OF BACTERIOLOGY
AND IMMUNOLOGY

June 21, 1957.

Dear Josh:

Just a short note of congratulations. I trust that administrative duties will not interfer with your other activities. Will the Department of Medical Genetics have facilities in the new wing of the hospital? Our very best wishes to you and Esther for the continued success and happiness of you both.

S. Gaylen Bradley

P.S. I leave June 28 for a month at Duke. Will be good to have warm weather for a change.
