Dear Josh;

I have heard, with great pleasure, that you are giving the Herter Lectures this year. This means you will be in Baltimore for 2 or 3 days. I write, therefore, to say that Lucy and I would be delighted if you would stay with us. Perhaps you have already made other arrangements, or have other intentions, but if not it would give us much pleasure. We hope that Esther will also be coming.

The titles of the talks look exciting.

Best regards to you both.

Sincerely
Barton
